

Customized Botanicals

Apart from standardized botanical extracts, we welcome the opportunity to dialogue with our clients to develop and manufacture customized unique solutions specifically tailored for their needs.

In addition to choice of carrier media, we can offer the following:

- ☀️ Specific concentration level
- ☀️ Choice of two, three, or multiple plant extracts as a single package of synergistic benefits
- ☀️ Turnkey solutions for specific product categories, we can draw on our knowledge and library of botanicals to customize the right ingredient(s) for your finished product
